

ABOUT ME

I am a passionate front-end developer seeking a position in a dynamic and innovative company. My goal is to apply my technical and creative skills to design and develop attractive and functional websites. I am interested in a collaborative environment that drives my professional growth and challenges me to continuously improve my abilities. I am committed to contributing to the success of the company or client by delivering quality web solutions, staying up-to-date with the latest technologies and best practices in front-end development.

WORK EXPERIENCE

Jan 2020 - Mar 2025

Front-End Developer

- I collaborate in the development of websites using HTML, CSS, and JavaScript, under the supervision of senior developers, implementing designs and functionalities that ensure an exceptional user experience.
- I participate in solving technical problems and work in a team to find effective solutions, promoting a collaborative environment.
- I contribute to the maintenance and improvement of existing sites, performing updates, bug fixes, and performance optimizations.
- I work with frameworks and libraries such as Bootstrap, jQuery, and React, applying their functionalities in our projects.
- I conduct compatibility tests on various browsers and devices, ensuring adequate performance across all platforms.
- I attend team meetings to discuss progress, share ideas, and learn from more experienced colleagues.
- I collaborate with designers to ensure a consistent implementation of visual designs on the website.
- I maintain a focus on continuous improvement, constantly seeking opportunities to expand my knowledge in front-end development and adopt new technologies.
- I show enthusiasm, commitment, and willingness to learn and grow in the field of web development, taking every opportunity to acquire new skills.
